

Realise your potential with Opal

2020 Nurse Graduate Program now open!

We are currently looking for the best Registered Nurse graduates to join our Opal team and make caring their career.

We are excited to announce that we have partnered with the Australian College of Nursing to deliver a 12 month structured program which will equip you with specialised clinical and leadership skills, and will support your career pathway in aged care.

Registered Nurses will have an opportunity to realise their leadership potential in a supportive company that is passionate about care. Our values of Compassion, Accountability, Respect and Excellence stand for CARE and are at the heart of everything we do.

Opal is offering two intakes in 2020 for newly graduated Registered Nurses across QLD, NSW, VIC and WA. The first intake commences in February and the second intake commences in August.

A career with Opal can offer you:

- Scholarships for post-grad study
- Defined career pathways
- Supportive team environment
- Flexibility and life balance
- Team benefits program
- Ongoing training and development opportunities

Register your interest today to find out how you can realise your potential with Opal.
